

# FleetCare™

## Customer Service Portal

### A single connection to manage your fleets

Airlines face challenges associated with obtaining timely information to make prudent decisions allowing them to lower costs and operate at peak efficiency. Pratt & Whitney is introducing FleetCare™, its improved customer portal to provide real-time access to our library of technical knowledge and support services.

Imagine being able to access a technical knowledge database to obtain fleet performance, maintenance, repair and overhaul information. FleetCare™ is available whenever you need answers, helping you generate greater efficiencies in your maintenance program.

Using FleetCare™, you can create a customized service portal to manage your maintenance needs and analyze critical information to make decisions faster.

Pratt & Whitney. **It's in our power.™**

# Pratt & Whitney FleetCare™ Advantage

Our FleetCare™ customer service portal provides you access to a wealth of knowledge to facilitate critical decision making around the clock.

## Proactive Engine Health Monitoring

Monitor your engine and fleet data to identify trends, reduce costs and improve performance.

## Expert Technical Support

Our global network of experienced technical professionals provide you with rapid response – anytime, anywhere.

## Extensive Material Solutions

We offer a comprehensive selection of new and serviceable materials to best fit your needs.

## Interactive Repair Catalog

We leverage our technical resources to develop specialized repairs for you.
