ACCESSORY REPAIR & OVERHAUL SERVICES

CONVENIENCE

SIMPLICITY AND GUARANTEED QUALITY

You can spend a lot of time shopping around for various accessory requirements. Or you can save time and hassle, and assure top quality for total peace of mind by allowing our Accessory Services team to take care of your accessory needs for you. We can repair or overhaul any P&WC engine-mounted accessory, regardless of manufacturer. No one else does it all, because no one else has our resources and capabilities. And nobody does it better.

OUR ACCESSORY SERVICES INCLUDE:

- A one-stop fully equipped 72,000 square foot shop for accessory repair and overhaul dedicated to providing world-class Turn Around Time (TAT)
- Incorporation of accessory Service Bulletins
- Minor and major repairs
- Tests as received
- Investigations
- Engine overhaul accessory kit programs
- Specialized detail repairs
- Customized, pay-by-the-hour Accessories Management Program for peace-of-mind budgeting
- An industry leading workmanship warranty in addition to a no-fault warranty
- Comprehensive technical support
- Ease of administration

FULLY EQUIPPED

- Mechanical controls
- Fuel nozzle test rigs
- Fuel & oil test rigs
- Electronic controls
- Air pressure units
- Specialized engineering department

ACCESSORY KIT PROGRAM: THE ONE-STOP SOLUTION

One vendor, one shipment, one purchase order and one invoice for all your P&WC engine-mounted accessory requirements. That's our Accessory Kit program, the one-stop shop approach to simpler, more cost-effective accessory maintenance management. It's available only from P&WC, and it includes a guaranteed TAT for all accessories requiring overhaul.

MAINTAIN YOUR OWN ACCESSORIES? WE CAN HELP

Our engineering team is dedicated to the development of accessory detail component repair. We offer competitive rates on repairing many of the expensive details you buy today for your accessory repair and overhaul requirements. For the list of the types of parts we can repair at a significant discount off the price of buying new, please visit www.pwc.ca.
